

eucen Open Fora 2022

Flexible learning – the key of ULLL

November 2022 | Online activities

Introduction

29 April 2022 | Version 1

In 2022 eucen is returning to the face-to-face activities as before the pandemic. This year we have offered the online Seminar Across the Atlantic, the face-to-face conference in Budapest and will be organising again the Autumn Seminar in Barcelona face-to-face.

The full month of activities offered in 2020 and 2021, every working day of the month of November will be shortened this year. The eucen Open Fora 2022 will have a new format and will be interconnected with the Autumn Seminar – you can attend it all online or combine face-to-face and online activities. Explore the programme with us!
